Full-Stack Engineer with 7+ years of experience building web and mobile applications using TypeScript, React/Next.js, Node.js and AWS. Worked on SaaS products, payment systems, API integrations and real-time applications, covering frontend, backend and cloud infrastructure.

WORK EXPERIENCE

ERP Consultant | Software Development & Integrations

Pasteque - Larissa, Greece (On-Site) 01/2026 – Present

JavaScript, TypeScript, SQL, Node.js, React, React Native

- Develop custom JavaScript applications and business logic within Pylon ERP.
- Build warehouse management (WMS) applications for inventory tracking and warehouse operations.
- Write SQL Server queries and custom reports for inventory, stock movements and supplier data.
- Integrate external applications with Pylon ERP using its Connectivity API.

Full-Stack Engineer

Cloud Touchless Massage - NY, USA (Remote) 03/2024 – 01/2026

TypeScript, React, Next.js, React Native, Node.js, AWS, GraphQL, Stripe, React Query

- Built and maintained AWS serverless services connecting IoT devices, customer applications and payment systems.
- Built a React Native iOS app used across 15 iPads to control massage chairs, reducing manual work for staff by 80%.
- Developed Next.js checkout flows with Stripe, Apple Pay and Google Pay, processing hundreds of payments daily.
- Added automated checks to detect device connectivity issues and reduce downtime.

Full-Stack Engineer

Authoritive Inc. - New York, USA (Remote) 09/2020 – 02/2024

TypeScript, React, Next.js, AWS, Node.js, GraphQL, Stripe, React Query

- Led frontend development of a microlearning platform used by 30+ authors to create interactive, message-based programs.
- Built a drag-and-drop editor and checkout flows using React and Next.js.
- Worked on Node.js and AWS backend services supporting thousands of daily content deliveries.
- Integrated SMS, WhatsApp and Microsoft Teams delivery, supporting a platform with 3,000+ active users.

Web Developer

Freelance - Larissa, Greece (Remote) 10/2015 – 09/2020

HTML, CSS, JavaScript, jQuery, PHP, MySQL

- Developed and launched 10+ responsive websites using JavaScript, PHP and MySQL.
- Improved website performance, reducing page load times by up to 40%.
